1. Relevant departments and areas of cooperation

The MOU is related to the following areas of academic and research activity.

1. Digital imaging. Conventional impression techniques have many drawbacks including inaccuracies due to dimensional change, patient discomfort and increased lab procedures. Currently digital imaging with intra oral scanners have reduced patient discomfort and used for fast processing of images and also useful to be used in patients with gag.
2. CAD CAM- computer aided designing and computer aided manufacturing for restoration like crowns, zirconia crowns and Emax veneers. Students can learn designing procedure for better understanding of CAD systems.
3. Fabrication of indirect restorations such as inlays, onlays, cast post and endocrowns.

We hope that together we can grow and learn with new technology. We thank you for the support on behalf of the management of Madha dental college and hospital.

2. Confidentiality

The parties department of Conservative dentistry & Endodontics, Madha dental college and hospital and Denfocus dental lab hereby agree not to disclose or diverge any confidential information which is not generally available to public but received from party to any third person.

3. Amenment and termination of the MOU

During the periods of its validity, the MOU can be amended any time by mutual consent of both the parties. The MOU can also be terminated but mutual consent or by either party giving the order in a written notice of its desire to terminate the MOU after one month notice.
